Dear «Title»«LastName»:

Please accept this complimentary ticket to our upcoming special event:

*Why our Drug Laws Have Failed and What We Can Do About It—
An Evening with Judge James Gray.*

What would move a Superior Court judge and former federal prosecutor to declare, “Drug prohibition is the most critical issue facing the world today”? Why does he feel that “the drug war is destroying the fabric of society”?

We're bringing him to the Miners Foundry in Nevada City so he can tell you himself. Because you're an opinion leader in Nevada County, we wanted to do our best to make sure that you'd take advantage of this rare opportunity, thus—the free ticket!

This evening event is on Wednesday, January 21st. Details are on the ticket and the enclosed poster. You can find out more about Judge Gray at www.judgejimgray.com.

Sincerely,

Lance Brown
